## **Behavior Expectations**

At Meadowview Elementary, we believe that a healthy, positive, and productive school environment thrives when all stakeholders "Show their P.A.W.S."

### **Positive Attitude**

#### **Act Responsibly**

#### **Work and Play Safely**

#### **Show Respect**

Showing a positive attitude, acting responsibly, working and playing safely together, and showing respect for oneself and others are our basic expectations at Meadowview Elementary. We expect students to demonstrate these behaviors on the playground, in the lunchroom, in their classrooms, and throughout the entire building.

## **Behavior Roles and Responsibilities**

**Role of the Principal, Teachers, and Staff members:** All district employees are expected to deal with students in a firm, fair, consistent fashion; to treat all students with respect, and to recognize individual differences among student.

**Role of Students:** Students are responsible for the manner in which their own individual rights are exercised and for not violating the rights of others. Students will not threaten other students. Students must accept the consequences of any actions they take which violate the rights of others. Special Education students will follow the same discipline plan as regular education students except when it is so indicated on their IEP.

**Role of Parents/Guardians:** The parent or guardian is legally responsible for the behavior of their children as determined by law and community practice. They are expected to promote the development of their child's self-discipline and educational progress, and discourage their child from disrupting the school's educational program. Parents and guardians are also responsible for supporting district and school policies, regulations and rules.

Since cooperation between parents/guardians and school staff is essential in helping students work to the best of their ability and have a good school experience, parents/guardians have responsibility along with teachers and students:

-To help maintain communication with the school by participating in school/community activities and parent/teacher conferences.

-To help maintain communication with the school by bringing questions and matters of concern to the attention of the teacher, principal, or other appropriate staff members.

### **Discipline Plan for MVES**

*Meadowview Elementary* School approaches discipline from a positive standpoint whenever possible. Administrators and staff acknowledge students for their positive behaviors with our P.A.W.S program. Students receive P.A.W. awards for their positive contributions to MVES and are able to celebrate their success with a menu of choices. If students choose inappropriate behaviors, restitution and/or consequences will be assigned.

#### **Our Discipline Plan at MVES is intended to:**

- Help the students think about the impact of their actions
- Help students learn from their mistakes and positively affect future behavior.
- Help students design a plan to "fix" what was "broken" and control and change his/her behavior
- Help the student grow intellectually, socially, and emotionally.

- Put emphasis on the behavior rather than the person.

## **Violations and Consequences**

1. **Minor Infractions** – is a disruptive behavior or action that interferes with effective operations of the school or classroom. Consequence for minor infractions typically occur in the classroom where the teacher decides on the consequence. If minor infractions occur on the playground, the noon hour supervisor may need to assign the student to a time-out area near the building or other consequence as they deem necessary.
2. **Severe Disruption** – is a serious offense that will need to be dealt with immediately. Examples include, but are not limited to, destruction of property, theft, fighting, and defiance/disrespect. A severe disruption results in a student conference, but also may result in in-school suspension or out-of-school suspension. For in-school suspension the student will be expected to do his/her work with the supervision/direction of the principal or designee. Parent/guardian will be notified and a parent/guardian conference will be held before the student returns to the classroom.

**For additional information please see the district web- site for the complete Discipline Policy & Guidelines.**

**Please refer to the attached policies at the end of this handbook.**

# Information at Your Fingertips

## Absences/Children Illness

All absences should be reported to the Attendance Line at **651-460-3105**. The guidelines for keeping children at home due to illness are:

- **temperature of 100 or greater**
- **vomiting**
- **diarrhea**

If your child has had a fever of 100, s/he should not return to school until 24 hours **AFTER THE FEVER HAS LEFT**, and without needing to use medication to keep the temperature down. The same 24-hour guideline also applies to **vomiting, strep throat, and diarrhea**.

If a child becomes ill while at school, the parent/guardian will be called. It is their responsibility to take the student home. Send a written excuse to your child's teacher when your child returns to school after an absence.

## Arrivals/Dismissals

Please **do not drop your child(ren) before 8:45 a.m.** as there is no supervision until then. Students should be in the classrooms by the 9:00 a.m. bell. Dismissal will be at 3:30 p.m.

**Late Arrivals:** For those students who are arriving late to school, please ask them to sign in at the office. If your child needs help, one of the secretaries will assist them. **If you know in advance that your child will be late, please call the attendance line at 651-460-3105 at any time of the day.** The attendance secretary will call on those students who are marked absent at the beginning of the morning so please help her out in preventing one extra call.

**Early Dismissals:** If your child is getting picked up early, **please send a note or email to the teacher** to have your child down in the office at the designated time. A parent/guardian will need to sign the child out in the office.

**Change in After School Destination:** If your child is not going to his/her regular after school destination, **a note for the teacher and bus driver** must be sent to school, signed by the parent/guardian.

## **Busing Information**

If there are any permanent changes to your child's busing route please report them immediately to the school's main office at **651-460-3100** and a new transportation form will need to be filled out.

If your child needs to take a different bus home one particular evening, **they must give a note to their teacher and their bus driver that is signed by the parent.** If there is not a note, your child will go home as normally scheduled.

## **Communication Between Home and School**

Maintaining a connection between home and school is a top priority at Meadowview Elementary.

**Phone Calls:** If you need to contact your child's teacher you may call 651-460-3100 and you will be directed to your child's teacher or his/her voicemail. The teacher will try his/her best to get back to you as soon as possible. The best time to contact your child's teacher is before 8:45 a.m. or after 3:30 p.m. To maintain an effective learning environment, teachers and students are not called away from the classroom for phone calls except for an emergency.

**E-mail:** Another way you can contact the school is through email. The email address is the staff member's first initial followed by the staff member's last name, then @farmington.k12.mn.us. Here is an example: [jdoe@farmington.k12.mn.us](mailto:jdoe@farmington.k12.mn.us) .

**Web Sites:** Information about ISD 192 can be found on the district's web site: [www.farmington.k12.mn.us](http://www.farmington.k12.mn.us) .

Information about our school can be found by clicking on "Our Schools" tab and choosing "Meadowview Elementary."

**E-News & Phone Messages:** Our district uses the SchoolConnect system to send out text and pre-recorded messages of upcoming events or other important information we need to convey to our families. Please be sure to notify the office of any email address or phone number changes.

## Dropping Off Student Items

Please report to the office and have the items marked with the student name and classroom. One of the secretaries will assist you and call into the student's room. The teacher will send the student to the office when it is not disruptive to the class.

On band days, instruments that are dropped off at the office are left under the counter and the student will stop by the office before their band session begins. Phone calls are usually not made into the classroom for each instrument that is brought into the office.

## Emergency School Closings

Parents/Guardians are reminded that there may be weather emergencies as well as other emergencies such as power outages or water problems that could cause school to be canceled, start late or release early. While our district tries to maintain a regular schedule, the security of our children comes first and they will be released if there is a threat to their safety.

Therefore, it is important for parents/guardians to plan for such emergencies and to be sure that their children know what they should do and where they should go if the school schedule is unexpectedly changed. Children and parents can react in a more confident manner if the family has a plan in place.

The district maintains an emergency information line: **952-985-1100**. This line is updated at the same time our staff is, so please use this number and **not** the school office. Also, announcements will be made on radio stations WCCO and KDHL and television stations KSTP-Channel 5 and KARE-Channel 11 when there is a change in the school schedule.

Here are several suggestions for planning with your child/children for emergency school closing.

1. Discuss with your child different emergency situations that may happen and ask them to share how they would handle the situation.
2. Set up specific plans for emergency situations:
  - i. Tape a house key inside a backpack or bag.
  - ii. Leave a house key at a neighbor's house.

- iii. Post phone numbers near the phone at home (neighbors, parent work numbers, grandparents' numbers, emergency phone numbers ...)
  - iv. Identify a neighbor that is a safe place for your children to go if you are not able to be home.
  - v. Role play emergency situations so your child can practice how to act and react.
  - vi. Be certain child/children know parents' daytime phone numbers.
3. Communicate with your child's classroom teacher if there are changes in your daily schedule or if an emergency situation (or early departure) changes their regular schedule.
  4. All students should have an emergency plan in place in case of an early dismissal. Forms are handed out at the beginning of the school year to help the teachers guide the students.
  5. If your child must be home alone, make sure they have a plan for emergencies. Although you may not be there to provide guidance, you can support them by planning ahead for any emergency schedule changes that may occur.

The school district will do its best to make timely decisions on closing school due to weather. It will try to make the decision to close by 6:00 a.m. In the event of an early closing, middle and high school students will be dismissed and delivered home first to enable older siblings to be there when elementary students are dismissed.

### **Outdoor Recess**

MVES believes that students should have time to play outside whenever they can. Our policy is that the students will go outside to play at recess time unless the temperature and/or wind chill is below zero or it is raining outside. Please send your child properly dressed for the weather each day even if you think that it may be an inside day because the weather may change. A warm coat, mittens or gloves, hat and boots are necessary for those Minnesota winters.

## **Phone and Address Changes**

If your child is moving please report it to the school's main office (651-460-3100) as soon as possible. Keeping your student's Household and Emergency Contact Information updated throughout the year is critical so that we may reach you, or someone you've designated, in case of an emergency. Please sign on to Family Web Access (FWA) whenever there are changes to parental phone numbers and email addresses and to update the people and information for those you have listed as Emergency Contacts for your student. If you have not signed up for an FWA account, please contact the school office at 651-460-3100. Please have as many contacts as possible for your child in case of an emergency.

## **Physical Education**

MVES students are expected to participate in Physical Education class each day unless they have a health problem. A child may be excused from Physical Education class for 1 day with a signed note from his/her parent. Longer than that must have a doctor's written approval. We encourage students to keep a pair of tennis shoes in their lockers to be prepared for Physical Education class each day.

## **Safety and Security Measures**

MVES wants to maintain a "welcome" atmosphere but at the same time maintain security for all of our children. Therefore, please use the main entrance door at all times. Other doors will be locked during the school hours, 9:00 a.m. – 3:30 p.m. If you prefer to walk your child(ren) from your car, please drop them off in the foyer by the office. Likewise, if you are picking up your child(ren), please follow this procedure:

Students are dismissed at 3:30 p.m. Parents of the students being picked up need to remain in the main office (atrium) area until your child arrives.

There are more than 700 students walking in the hallways at 8:45 a.m. and 3:30 p.m. **If you do not feel comfortable about leaving your child in the atrium, please come into the office and ask for assistance and we will accompany your child to or from the classroom.**

On occasion, parents will be walking to the classroom for activities. If you are planning on attending one of the following, please sign in at the main office and wear a visitor badge:

- Field Trips Chaperones
- Class Parties
- Book Fair
- Science Fair
- Kindergarten Round-up
- Volunteering

If you wish to have lunch with your child, please wait in the office area atrium until your child comes through the atrium on their way to the lunchroom. Please wear a badge for going to the lunchroom or playground.

## **General Information**

### **Allergies**

If your child is allergic to food or other items, please contact the school nurse.

### **Animal Policy**

Due to students and staff with allergies MVES does not allow animals or pets inside the building without prior approval.

### **Bicycles**

MVES students are allowed to ride their bikes to school. Racks are provided outside for students to park his/her bike. Students are encouraged to bring a lock to secure the bike on the rack. **Security of the bike is the responsibility of the student.** Families are highly encouraged to review bike rules at home prior to the students riding their bikes to school.

### **Cellular Phones**

In order to maintain focus on the educational process, students are not allowed to have cellular phones in school.

### **Conferences**

Parent-teacher conferences take place twice during the school year. Information regarding conferences will be communicated to families prior to both the fall and spring conferences. Parents will have an opportunity to sign up for conferences on-line. If internet access is not available you can make an appointment by calling the school office.

### **Field Trips**

Part of the learning process is taking school off-site on a field trip. Permission slips are sent home for parents to sign and give permission for the student to go on the field trip. In the event that a parent does not want the student to go on the trip, **the child must be in attendance on that day. Students will be placed in another class that day.**

Several times during the school year a classroom may take field trips within our school district. A "blanket permission form" will be sent home to cover these local excursions. No students will be allowed to participate without written permission.

### **Food Treats**

State law requires all food which is brought to school by students to be shared with others and be prepared commercially (purchases from a store). This is to avoid the danger of spreading hepatitis. **Sorry, no home prepared treats.**

## Snack Cart

At MVES we would like to offer your child a healthy snack mid morning to support good eating habits. We are able to order fruits, vegetables, and other healthy options in bulk, reducing the cost for you. The cost is **\$60.00** for the school year or **\$20.00** per trimester if you choose to pay each trimester. There are several choices each day for students including: crackers, apples, bananas, breakfast bar and pretzel twists.

## Food Service/Lunch

Nutritious school breakfasts and lunches are available daily in the Meadowview Elementary School cafeteria. The price for a full-paid breakfast is **\$1.35**, a reduced price breakfast is free. Students may purchase a school lunch for **\$2.65**, a reduced price lunch is free. A carton of milk is **\$.40**. Breakfast and lunch menus are available online each month and can be sent home with the students upon request if internet isn't available.

Families may apply for free or reduced price lunches by completing a current Free and Reduced Price application and return it to Sue Lau, ISD 192 Education Benefits, 510 Walnut Street, Farmington, MN 55024. These applications will be mailed home during the beginning of August and available at the school office or through Kid Connection (School Age Care).

We use a computerized ticket program in the school district. Each family has its own Food Service Account and prepays into this account. Accounts are to have a positive balance at all times. Families with participating children can make payments into their account at any time. Lunch payments may be sent to school with your child, mailed to the Food Service office at 510 Walnut Street, Farmington, MN 55024, or by using the online E-fund payment option at [www.farmington.k12.mn.us](http://www.farmington.k12.mn.us).

Families are expected to maintain a **positive balance** in the food service account at all times. **A 2-day period must be anticipated for a payment to be deposited into your account.** (i.e. a payment sent to the food service office on Monday may not be in the family's account until Wednesday.)

Students will be notified verbally by the cashier when their account is below \$5.00. Students will have their hand stamped as a reminder. When a family's account is \$30.00 negative, a notice will be mailed home. Account balance information is available by calling the **Food Service Office at 651-463-5025**. Family Web Access is also available for lunch information.

**Food Allergies/Medical Conditions** – Federal regulations require schools participating in meal programs to make substitutions for students with food allergies and/or medical conditions. A **medical statement from the child’s doctor must be on file** in the Food Service Office. If you have any questions regarding this, please call the Food Service Office at 651-463-5025.

### **Homework**

Homework is assigned by each teacher according to need. In elementary homework is kept to a minimum amount. Homework is defined as work comparable to that done during the school day. It is work that usually can be best accomplished in a quiet atmosphere. The child should have a well-lit work area, which is free from distractions. Parents are asked to work without pointing out specific mistakes. A parent might say to the child, “You have a mistake in the fifth row. Check those problems again.” Please encourage your child to complete his/her homework. This will help your child form good work habits and develop independent work skills.

### **Kid Connection**

If you are looking for childcare before and/or after school, consider Kid Connection. The program is located in our school and runs from 6 a.m. – 6 p.m. It is intended to provide a service for school age children in need of daycare. Here the children are provided with a safe environment and meaningful activities. **Call 651-460-3200.**

### **Lost and Found**

The lost and found is located in the office atrium. Please check it time to time to see if any of your child’s belongings are there. Any items that are not claimed will be donated to charity several times during the year.

### **Parking**

The Meadowview parking lot is located on the east side of the building. Please use the east lot when visiting MVES rather than the Community Education lot. (The Community Ed parking is very limited for their needs and they rely on their parking spaces for their own programming). Please note that the curb along the front of the building is a “No Parking” zone so our busses can load and unload without obstruction. Parents who choose to drop-off and pick-up their children on the east side of the building are asked to park their cars and walk

their children to and from the building. Your child's safety is our main priority, and there is a lot of bus activity on the east side of the building during drop-off/pick-up times.

### **Curbside Drop-off/Pick-Up**

Curbside drop-off and pick-up occurs on the west side of the building. There are two lanes of traffic. The right lane is for drop-off/pick-up and the left lane is a moving lane. The area along the curb in front of the student loading zone is reserved for daycare center vans. If everyone is courteous to the other drivers during "drop-off and pick-up time", things tend to go quite smoothly.

### **Patrol**

Patrol students will assist children who walk to school. The patrol will be on duty from 8:45 – 9:00 a.m. and at 3:30 p.m.

### **Personal Property**

The school is not responsible for lost or broken articles. Children should not bring games & items with batteries, toys, trading cards, expensive jewelry, money, etc. to school. These items have a tendency to distract from learning.

### **School Dress**

Students should be dressed in clean clothes, appropriate for school. This will help a child develop a positive self image toward learning. Proper attention to appearance can also improve personal expectations for behavior and performance. Students are not allowed to wear hats in the school building. Any clothing that causes an interference with the learning process or school disorder is not allowed. Such dress may include, but is not limited to clothing with drug, alcohol, or sexually explicit or suggestive messages, representations that are inappropriate or demeaning to any groups, and clothing that is suggestive or provides inadequate covering.

### **School Pictures**

School pictures will be taken on **September 22, 2016**. Children who aren't in school yet may have their pictures taken on retake day, which is scheduled for **October 26, 2016**. Spring pictures are optional and are scheduled on **March 14, 2017**.

## **Testing**

There are some standardized tests that are administered in the Farmington School District to determine what your child knows and needs to be taught. Listed below is the current testing process in our district:

Grade 2-5 NWEA-Northwest Evaluation Association, Measure of Academic Progress

Grade 3 Minnesota Comprehensive Assessment for Reading and Mathematics

Grade 4 Minnesota Comprehensive Assessment for Reading and Mathematics

Grade 5 Minnesota Comprehensive Assessments for Reading, Mathematics and Science

Testing dates are on the district calendar. Test results will be shared with parents when available.

## **Tobacco**

**DISTRICT 192 IS A “TOBACCO FREE” DISTRICT.** All adults and students are prohibited from using tobacco products on District 192 property or at school sponsored events such as field trips when students are present. We appreciate your cooperation.

## **Vacations and Homework**

Each year a number of families take vacations during the school year. If your family is planning a vacation which will necessitate a child missing school, you must fill out an Unexcused Absence Waiver 5 days in advance and get approval from the principal. (*Refer to Attendance Policy*) Those students missing three or more days of school may ask their classroom teacher to have the make-up work ready for them to take on their trip, or they will have to make-up any missing work when they return.

## **Volunteers**

Each year we have many parents helping us out in various ways. Field trips, teacher helpers, fund raising, picture day helpers and classroom party organizers are just some of the ways to get involved. You can either get started through our Parent/Teacher Partnership or call the MVES office at **651-460-3100**.

## **Emergency and Medical Information**

The **EMERGENCY INFORMATION FORM**, specific to your child, is available to update at any time via FWA (Family Web Access). Keeping your student's Household and Emergency Contact Information updated throughout the year is critical so that we may reach you, or someone you've designated, in case of an emergency. If you have not signed up for your FWA account, please contact the school office at 651-460-3100.

We need to have current information on how to reach you if your child becomes ill or injured.

**If there are any medical changes that occur during the school year please call the health office at 651-460-3106.**

**MEDICATIONS AT SCHOOL: Please note due to recent policy changes.** If medications are to be given at school the following procedure must be followed:

1. A parent/guardian must complete the parent authorization form. Forms are available from the health office or on the district website. <http://www.farmington.k12.mn.us> Click on Services, Click on Health Services
2. We must receive a doctor's order to give the medication. (This can be faxed to 651-460-3110 if that is helpful.)
3. An adult must bring medication to school for safety reasons.
4. Prescription medication must be in the original bottle that is labeled with the correct name, medication dose and time it is to be given.
5. We need written parent permission to give over the counter medications for up to 3 times. After the third dose, we will require a doctor's order to continue giving the medication.
6. Over the counter medications need to be brought to school in the original container. **No "baggies" of medication will be accepted.**
7. Medications need to be kept in the nurse's office unless arrangements have been made with the Licensed School Nurse.
8. If a medication needs to be given 3 times a day we encourage you to give it to your child in the morning, after school, and in the evening rather than sending it to school.

### **Injury/Illness**

If your child becomes ill or is injured at school, first aid will be administered. A parent/guardian will be contacted as needed. 911 will be called if necessary and the student will be transported to the nearest medical facility or the facility you indicate on the emergency form.

## **Immunizations:**

Please send in the dates of any immunizations that your child receives throughout the year to the health office and we will add it to their health file.

**Questions:** Please contact Gail Setterstrom, Licensed School Nurse, 651-460-1965 if you have any questions regarding the information above.

## **Violations and Consequences**

1. **Minor Infractions** – is a disruptive behavior or action that interferes with effective operations of the school or classroom. **Consequence:** Being that this typically occurs in the classroom, the teacher will decide on the consequence. The teacher will give two warnings to the student and have a student conference with the child. After the third inappropriate action, the teacher will determine if the student will call the parent/guardian to explain his/her actions. If minor infractions occur on the playground, the noon hour supervisor may need to assign the student to a time-out area near the building.
2. **Severe Disruption** – is a serious offense that will need to be dealt with immediately. Examples include, but are not limited to, destruction of property, theft, fighting or provoking a fight, swearing, food fighting and defiance/disrespect. **Defiance** is defined as a disobedience or disrespect by refusing to follow published school rules and regulations. **Defiance of Authority (Insubordination)** is defined as the willful refusal to follow a direction or order given by a staff member. A severe disruption may also be repeated refusal to follow school rules and regulations. **Consequence:** In the case of any severe disruptions, the principal or designee will notify the parent/guardian designee. Consequences will be determined by the nature of the infraction. Students in 3<sup>rd</sup>, 4<sup>th</sup>, and 5<sup>th</sup> grade will be required to write the details of the infractions in their planners. Parents will sign the planner and the student will return it to the principal. A severe disruption results in a student conference, but also may result in in-school suspension or out-of-school suspension. For in-school suspension the student will be expected to do his/her work with the supervision/direction of the principal or designee. Parent/guardian will be notified and a parent/guardian conference will be held before the student returns to the classroom. EXCEPTION: The EBD students will be assigned to their special education teacher for a consequence.
3. **Grounds for Dismissal:** No school shall dismiss any pupil without attempting to provide alternative programs of education prior to

dismissal proceedings, except where it appears that the pupil will create an immediate and substantial danger to self or other persons or property. Such programs may include special tutoring, modification of the curriculum for the pupil, placement in a special class or assistance from other agencies.

***A pupil may be dismissed on the following grounds:***

- a. Willful violation of any reasonable school board regulation. Such regulation must be clear and definite to provide notice to pupils that they must conform their conduct to its requirements
- b. Willful conduct which materially and substantially disrupts the rights of others to an education
- c. Willful conduct which endangers the pupils, or the property of the school.

### **Care and Use of School Property**

MVES is a wonderful building with equipment that is used to help students learn and enjoy their school experience. We can show our appreciation by showing respect in the care and use of school property. Students who cause damage will be referred to the principal.

### **Harassment**

Harassment or threats to others will be documented as well as reported IMMEDIATELY to the principal. They will be handled according to the district policies. A sexual harassment violation will result in immediate contact with the principal. The principal will decide on the consequence and contact the parent. The consequence may result in a conference with the parent and/or suspension. Sexual harassment will not only be reported immediately to the principal, but also sent to the Human Rights Officer in compliance with the law. This report stays on record in the Human Rights Officer's file until the student graduates.

## Policies and Procedures

### **FARMINGTON SCHOOL DISTRICT NO. 192 POLICIES AND REGULATIONS**

#### **Policy #503 - Student Attendance**

##### **I. PURPOSE**

A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

##### **II. GENERAL STATEMENT OF POLICY**

###### **A. Responsibilities**

###### **1. Student's Responsibility**

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

###### **2. Parent or Guardian's Responsibility**

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

###### **3. Teacher's Responsibility**

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar

with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

#### 4. Administrator's Responsibility

a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

b. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the school district are **REQUIRED** to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

2

#### B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

##### 1. Excused Absences

a. To be considered an excused absence, the student's parent or legal guardian may be

asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.

b. The following reasons shall be sufficient to constitute excused absences:

(1) Illness.

(2) Serious illness in the student's immediate family.

(3) A death or funeral in the student's immediate family or of a close friend or relative.

(4) Medical, dental, or orthodontic treatment, or a counseling appointment.

(5) Court appearances occasioned by family or personal action.

(6) Religious instruction not to exceed three hours in any week.

(7) Physical emergency conditions such as fire, flood, storm, etc.

excused absences and students will be permitted to complete make-up work.

(10) Family emergencies.

(11) Active duty in any military branch of the United States.

(12) A student's condition that requires ongoing treatment for a mental health diagnosis.

c. Consequences of Excused Absences

(1) Students whose absences are excused are required to make up all assignments

missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

(2) Work missed because of absence must be made up within five days from the

date of the student's return to school. Any work not completed within this

period shall result in "no credit" for the missed assignment. However, the

building principal or the classroom teacher may extend the time allowed for

completion of make-up work in the case of an extended illness or other

extenuating circumstances.

## 2. Unexcused Absences

a. The following are examples of absences which will not be excused:

(4) Work at a business, except under a school-sponsored work release program.

(5) Vacations with family.

(6) Personal trips to schools or colleges.

Absences resulting from cumulated unexcused tardies for purposes of this policy, will be as follows: four unexcused tardies at the beginning of the school day shall equal one unexcused absence.

(8) Any other absence not included under the attendance procedures set out in this policy.

## b. Consequences of Unexcused Absences

(1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

(2) Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.

(3) In cases of recurring unexcused absences of an elementary student, the administration

may report the problem to Dakota County Social Services. In cases of recurring

unexcused absences of a middle school or high school student, the administration may request the county attorney to file a petition with the

juvenile court, pursuant to Minnesota Statutes.

(4) Students with unexcused absences shall be subject to discipline in the following manner, subject to administrative discretion:

(a) At the secondary level, a student may not be allowed to make up work missed

due to an unexcused absence, potentially resulting in a loss of credit for missing assignments.

(b) After five unexcused absences in a term, the student may be required to attend a conference with the student's parent and school administrator, in order to develop an attendance contract.

(c) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

### C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

#### 2. Procedures for Reporting Tardiness

4

The following are other examples of tardiness which will not be excused, subject to the discretion

of the administrator: oversleeping, missing the bus, traffic congestion, car trouble, weather

(except in the case of school cancellation), and locker malfunction.

#### D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
2. School-initiated absences will be accepted and participation permitted.
3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
5. The note must be presented to the coach or advisor before the student participates in the activity or program.

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minn. Stat. § 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minn. Stat. § 120A.34;
4. That this notification serves as the notification required by Minn. Stat. § 120A.34;
5. That alternative educational programs and services may be available in the district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;

## **Policy #516 - Student Medication**

### **I. PURPOSE**

The purpose of this policy is to set forth the provisions that must be followed when administering nonemergency prescription medication to students at school.

### **II. GENERAL STATEMENT OF POLICY**

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The school district's licensed school nurse, trained health clerk, principal, or teacher will administer prescribed medications in accordance with law and school district procedures.

### **III. REQUIREMENTS**

A. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An oral request must be reduced to writing within two school days, provided that the school district may rely on an oral request until a written request is received.

B. An "Administering Prescription Medications" form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs.

C. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law, and must be administered in a manner consistent with the instructions on the label.

D. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.

E. Prescription medications are not to be carried by the student, but will be left with the appropriate school district personnel. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler (See Part J.5. below), and medications administered as noted in a written agreement

between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).

F. The school must be notified immediately by the parent or student 18 years old or older in writing of any change in the student's prescription medication administration. A new medical authorization or container label with new pharmacy instructions shall be required immediately as well.

G. For drugs or medicine used by children with a disability, administration may be as provided in the IEP, Section 504 plan or IHP.

H. The school nurse, or other designated person, shall be responsible for the filing of the Administering Prescription Medications form in the health records section of the student file. The school nurse, or other designated person, shall be responsible for providing a copy of such form to the principal and to other personnel designated to administer the medication.

I. Procedures for administration of drugs and medicine at school and school activities shall be developed in consultation with a school nurse, a licensed school nurse, or a public or private health organization or other appropriate party (if appropriately contracted by the school district under Minn. Stat. § 121A.21). The school district administration shall submit these procedures and any additional guidelines and procedures necessary to implement this policy to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.

J. Specific Exceptions:

7

1. Special health treatments and health functions such as catheterization, tracheostomy suctioning, and gastrostomy feedings do not constitute administration of drugs and medicine;
2. Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy;
3. Drugs or medicine provided or administered by a public health agency to prevent or control an illness or a disease outbreak are not governed by this policy;

4. Drugs or medicines used at school in connection with services for which a minor may give effective consent are not governed by this policy;

5. Drugs or medicines that are prescription asthma or reactive airway disease medications can be

self-administered by a student with an asthma inhaler if:

a. the school district has received a written authorization from the pupil's parent permitting

the student to self-administer the medication;

b. the inhaler is properly labeled for that student; and

c. the parent has not requested school personnel to administer the medication to the student.

The parent must submit written authorization for the student to self-administer the medication

each school year. In a school that does not have a school nurse or school nursing services, the

student's parent or guardian must submit written verification from the prescribing professional

which documents that an assessment of the student's knowledge and skills to safely possess and

use an asthma inhaler in a school setting has been completed.

If the School District employs a school nurse or provides school nursing services under another

arrangement, the school nurse or other appropriate party must assess the student's knowledge and

skills to safely possess and use an asthma inhaler in a school setting and enter into the student's

school health record a plan to implement safe possession and use of asthma inhalers;

6. Medications:

a. that are used off school grounds;

b. that are used in connection with athletics or extracurricular activities; or

c. that are used in connection with activities that occur before or after the regular school day

are not governed by this policy.

7. Nonprescription Medication. A secondary student may possess and use nonprescription pain relief

in a manner consistent with the labeling, if the school district has received written authorization

from the student's parent or guardian permitting the student to self-administer the medication.

The parent or guardian must submit written authorization for the student to self-administer the medication each school year. The school district may revoke a student's privilege to possess and use nonprescription pain relievers if the school district determines that the student is abusing the privilege. This provision does not apply to the possession or use of any drug or product containing ephedrine or pseudoephedrine as its sole active ingredient or as one of its active ingredients.

Except as stated in this paragraph, only prescription medications are governed by this policy.

8. At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written health plan for a student who is prescribed nonsyringe injectors of epinephrine that enables the student to:

8

a. possess nonsyringe injectors of epinephrine; or  
b. if the parent and prescribing medical professional determine the student is unable to possess the epinephrine, have immediate access to nonsyringe injectors of epinephrine in close proximity to the student at all times during the instructional day. The plan must designate the school staff responsible for implementing the student's health plan, including recognizing anaphylaxis and administering nonsyringe injectors of epinephrine when required, consistent with state law. This health plan may be included in a student's § 504 plan.

K. "Parent" for students 18 years old or older is the student.

## **Policy #506 - Student Discipline**

### **I. PURPOSE**

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that

there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

## **II. GENERAL STATEMENT OF POLICY**

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property.

Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat.

§§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

Consistent discipline procedures and consequences are detailed in a companion document entitled “Guidelines for Disciplinary Action.”

The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

**VII. DISCIPLINARY ACTION OPTIONS**

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules,

13

regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.

T. Exclusion under the Pupil Fair Dismissal Act; and/or

U. Other disciplinary action as deemed appropriate by the school district.

### **VIII. REMOVAL OF STUDENTS FROM CLASS**

A. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student

from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for Removal of a Student From a Class

1. Teachers and administrators may remove students from class for disruptive behavior. A written explanation must accompany or follow a student removed from a class.
2. Students may be directed to the Principal's Office or another designated space as the teacher directs.
3. When students are removed from class, they will make plans for avoiding reoccurrence of that behavior. This may include writing a reflective behavior plan.

4. Parent/guardian will be notified by mail or phone when their child is removed from class.
5. A parent/guardian meeting or conference may be required depending upon the severity of the student's misbehavior.
6. Students will be provided with schoolwork when removed from class.
7. The student removed from class will be the responsibility of the principal or the principal's designee while in the office.
8. A re-entry conference may be held and include parents/guardians, teacher(s) and pupil-personnel support staff.

## **IX. DISMISSAL**

15

A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension.

This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or

participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order

16  
to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6<sup>th</sup>) consecutive day of suspension or the tenth (10<sup>th</sup>) cumulative day of suspension has elapsed.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward

meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.

6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:

- a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
- b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
- c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.

8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)

9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.

10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

#### D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.

17

2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.

5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his

or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.

7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.

8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.

9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must

have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

18

14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

15. The student cannot be compelled to testify in the dismissal proceedings.

16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.

17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to

present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

#### **X. ADMISSION OR READMISSION PLAN**

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a

character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

#### **XI. NOTIFICATION OF POLICY VIOLATIONS**

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

#### **XII. STUDENT DISCIPLINE RECORDS**

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch.

13.  
19

#### **XIII. DISABLED STUDENTS**

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to

discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior. When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

#### **XIV. OPEN ENROLLED STUDENTS**

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

#### **XV. DISTRIBUTION OF POLICY**

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

#### **XVI. REVIEW OF POLICY**

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline

policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

C. "Possession" means having a weapon on one's person or in an area subject to one's control in a school location.

#### **IV. EXCEPTIONS**

A. A student who finds a weapon on the way to school or in a school location, or a student who discovers that he or she accidentally has a weapon in his or her possession, and takes the weapon immediately to the principal's office shall not be considered to possess a weapon. If it would be impractical or dangerous to

28  
take the weapon to the principal's office, a student shall not be considered to possess a weapon if he or she immediately turns the weapon over to an administrator, teacher or head coach or immediately notifies an administrator, teacher or head coach of the weapon's location.

C. Policy Application to Instructional Equipment/Tools

While the school district takes a firm “Zero Tolerance” position on the possession, use or distribution of weapons by students, and a similar position with regard to nonstudents, such a position is not meant to interfere with instruction or the use of appropriate equipment and tools by students or nonstudents. Such equipment and tools, when properly possessed, used and stored, shall not be considered in violation of the rule against the possession, use or distribution of weapons. However, when authorized instructional and work equipment and tools are used in a potentially dangerous or threatening manner, such possession and use will be treated as the possession and use of a weapon.

**D. Firearms in School Parking Lots and Parking Facilities**

Any possession or carry of a firearm beyond the immediate vicinity of a permit-holder’s vehicle shall constitute a violation of this policy.

**V. CONSEQUENCES FOR STUDENT WEAPON POSSESSION/USE/ DISTRIBUTION**

A. The school district takes a position of “Zero Tolerance” in regard to the possession, use or distribution of weapons by students. Consequently, the minimum consequence for students possessing, using or distributing weapons shall include:

If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

## **Policy #1003 - Acceptable Use of District Technology**

### **I. INTRODUCTION**

The use of Independent School District No. 192 computers, computer networks, and Internet resources is a key element of the curriculum and instruction in Independent School District No. 192. The Independent School District No. 192 computer network is intended for educational purposes. Independent School District No. 192 expects that staff will incorporate appropriate use of computer network and Internet resources into the curriculum and will provide guidance and instruction to students as to their uses. For safety purposes, Independent School District No. 192 employs methods to protect network resources and users. The school board expects all employees and students to abide by procedures set forth below governing the use of Independent School District No. 192's computers, computer networks, and Internet resources. Failure to follow the guidelines may result in disciplinary action. Independent School District No. 192 is not responsible for ensuring the accuracy or usability of any information found on external networks. Parent(s)/guardian(s) will be given the opportunity to determine their child's access to the Internet when they first begin school in Independent School District No. 192, Grade 3, Grade 6, and Grade 9. Independent School District No. 192 will not be responsible for any and all claims arising out of or related to the usage of this interconnected computer system.

F. The school district shall provide each student, where appropriate, an email account, learning management system account, and file/cloud storage allocation.

G. The use of the school district technology systems and access to the Internet is a privilege, not a right. The school district reserves the right to limit or remove any user's access to the school district's computer system, equipment, email/voicemail system, and Internet access at any time. Depending on the nature and degree of a violation and the number of previous violations, unacceptable use of a school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; loss of credit and/or reduction of grade; discipline under other appropriate school district policies including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

### III. EDUCATIONAL PURPOSE

Network activity may be monitored to ensure educational utilization and compliance with policy and law.

C. Students and employees may not use the Independent School District No. 192 computer network for noneducational or commercial purposes. This means that no products or services may be offered, provided, or purchased through the district computer network, unless such products or services are for a defined educational purpose and such activity has been approved by the Superintendent or designee.

D. Independent School District No. 192 computers may not be used for political lobbying, but may be used to communicate with elected representatives and to express opinions to them on political issues.

E. Employees and School Board members shall utilize the school district-assigned email account for all email communication related to their roles with Independent School District No. 192. Employees and School Board members should avoid use of the school district-assigned email account for electronic solicitation, distribution of "chain letters," sending the messages unrelated to job role to large numbers of recipients, or for any commercial purpose.

F. Independent School District No. 192 may offer network and Internet resources to guests and visitors to school facilities. This guest access, whether made available through wired or wireless network, does not establish an open, limited open, or public forum. All guidelines of this policy apply to students and employees accessing network or Internet resources through the school district guest access, sometimes referred to as "Wi-Fi." Students and staff shall not use the Internet or the school district's computer network to harass, bully, or threaten the safety of others.

4. Misuse of the school district's computer equipment or network including but not limited to, deletion or violation of password protected information, computer programs, data, password or system files; inappropriate access of files, directories, Internet sites; deliberate contamination of system unethical use of information, or violation of copyright laws is prohibited.

5. Physical abuse or tampering with school district computer, telecommunications, or network equipment is prohibited. Such abuse or tampering will be considered vandalism, destruction and defacement of school district property.

33

#### C. System Security

1. Employees are responsible for their individual email, voicemail, file directory, and shared directory accounts and should take all reasonable precautions to prevent others from being able to use their accounts.

If the need arises to share access to such accounts, contact the technology department. Unless authorized, staff should not provide their login identity and/or passwords to another person.

2. Students shall immediately notify a teacher or administrator if they have identified a possible security problem in the school district network or Internet resources. Students should not look for security problems, because this may be construed as an illegal attempt to gain access. Under no conditions should students provide other students with their login identity and/or network password.

3. Students and employees shall avoid the inadvertent spread of computer viruses by following all school district procedures related to introducing downloaded files or software, file storage devices, or other hardware or software brought into the school from outside.

4. Students who gain access to teacher computer files, directory, programs, and web site without permission from a teacher may be disciplined.

5. Tampering with the school district's computer security system, and /or applications, and/or documents, and/or equipment will be considered vandalism, destruction, and defacement of school property. Please be advised that it is a federal offense (felony) to break into any security system. Financial and legal consequences of such actions are the responsibility of the user and/or student's parent or guardian.

#### D. Inappropriate Language

1. Restrictions against inappropriate language apply to public messages, private messages, material posted on web pages, social networking sites, and other school district network or Internet resource capable of electronic communication.

2. Students and employees shall not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or graphic representations of such language.

3. Students and employees shall not post information that could cause damage or a danger or disruption.

4. Students and employees shall not engage in personal attacks, including prejudicial or discriminatory attacks, based on a person's race, gender, sexual orientation, religion, national origin, or disability, or engage in any other harassment or discrimination prohibited by school district policy or by law.

5. Students and employees shall not harass another person.

Harassment is persistently acting in a manner that distresses or annoys another person. If students or staff are told by a person to stop sending them message or otherwise communicating with them, they must stop.

6. Students and employees shall not knowingly or recklessly post false or defamatory information about a person or organization.

#### E. Respect for Privacy

1. Students and employees shall not repost or forward a message that was sent to them privately without permission of the person who sent them the message.

2. Students and employees shall not post private information about another person on the Internet. This does

not prohibit staff from discussing private student information with each other or with a student's parent or guardian via email or voicemail, in conformance with laws and policy governing data practices.

#### F. Respecting Resource Limits

1. Students and employees shall use the system only for educational and career development activities and Independent School District No. 192 curriculum activities.

34

2. Students and employees will have access to limited space on the school district's storage media. Student ability to download files shall be limited by applicable school district procedures. Student files may be deleted without notice if such files do not support the instructional process or are exceedingly large. Users are responsible for making backup copies of files that are critical to their use.

3. Student and employees shall not post or forward chain letters. Students and employees shall not engage in spamming. (Spamming is sending an annoying or unnecessary message or solicitation to a large number of people.)

4. Students shall not deliberately or knowingly delete another student's or employee's file.

5. Students and employees shall only use software, including but not limited to email applications and web browsers, that is supplied by the school district. Employees and students shall not install hardware or software or reconfigure equipment on the school district's technology systems without express permission from the Technology Coordinator

6. Staff and students must not be wasteful of district resources including but not limited to toner and paper.

#### G. Plagiarism and Copyright Infringement

1. Students and employees shall not plagiarize works that are found on the school district's network or Internet resources. Plagiarism is taking the ideas or writings of others and presenting them as if they were yours.

2. Students and employees shall respect the rights of copyright owners. Copyright infringement occurs when

one inappropriately reproduces a work that is protected by copyright. If a work contains language that specifies appropriate use of that work, follow the expressed requirements. If unsure whether or not work can be used, request permission from the copyright owner. Copyright law covers a myriad of resources including music and film. Copyright law can be very confusing; ask media specialist for guidance as needed.

#### H. Inappropriate Access to Material

1. Students and employees shall not use the Independent School District No. 192 computer network, District-provided device, or student-owned device used at school to access or create material that is profane or obscene (pornography), contains viruses, network hacking programs, or similar programs that advocate illegal acts, or that advocate violence or discrimination towards other people (hate literature).
2. If students mistakenly access inappropriate information, they should immediately tell their teacher, media specialist, or another district employee. This will protect them against claims that they have intentionally violated this policy.
3. Parent(s)/guardian(s) should instruct students if there is additional material they think is inappropriate for students to access. The district fully expects that students shall follow their parent's instructions in this matter while using District-provided technology at home.
4. Educators will monitor student use of the Internet in schools and will take reasonable measures to prevent access by students to inappropriate materials on the Internet and restrict access to materials harmful to students.
5. Parents will monitor student use of the Internet at home and will take reasonable measures to prevent access, by students, to inappropriate material on the Internet and restrict access to material harmful to students.
6. The district may monitor the online activities of employees and students, and operate technology protection measures (blocking devices or software) on the network as required by law. These measures will attempt

to protect against access to visual depictions that are obscene, harmful to students, and child pornography, as required by law. Evasion or disabling of the blocking/filtering device or software installed by the school

35

district, including attempts to evade or disable, is a violation of the acceptable use policy.

#### VI. LIMITATION OF LIABILITY

Independent School District No. 192 makes no warranties of any kind, either expressed or implied, related to school district network or Internet resources. The school district does not assume and, hereby, expressly disclaims liability for the misuse of its computers, equipment, email, voicemail, network or Internet resources that violate this policy or any applicable law. The district makes no guarantee that the functions or the services provided by or through the district system shall be error-free or without defect. The district is not responsible for any damage suffered through the use of its computer system, including but not limited to, the loss of data, interruptions of service, the accuracy or quality of information obtained through or stored in the system, damage to property used to access school district computers or online resource, or financial obligations resulting from the use of school district resources.

### **Policy #1002 - Student Retention, Promotion, and Acceleration**

#### I. PURPOSE

The purpose of this policy is to provide guidance to the school district staff, families and students regarding student promotion, retention and acceleration.

#### II. GENERAL STATEMENT OF POLICY

The school district is dedicated to the continuous development of students by placing them in the educational setting or instructional level that best meets their academic, social, and emotional needs. Students will usually progress from grade level to grade level on an annual basis. Exceptions may be made, however, when they are in the best overall interest of the student. Such exceptions will be made only after consultation with the student's family.

Decisions to promote, retain, or accelerate are best made by the school student study team in collaboration with

family. Promotion, retention or acceleration shall be recommended based on data and other information gathered by the student study team and presented to the parent(s) or guardian(s). No single set of data should be used to determine promotion, retention or acceleration; instead multiple data points will be used to analyze the student's progress.

The final decision is best made by the student study team. If the team cannot come to a unanimous decision concerning the retention, promotion or acceleration, the building administration and the superintendent or superintendent designee have the authority to make the final determination. Specific information regarding the parent(s) or guardian(s) level of support or lack of support for the team's decision should be documented and placed in the student cumulative record.

### III. CRITERIA CONSIDERATIONS

Multiple criteria will be considered to assist the student study team in making meaningful decisions about student promotion, retention and acceleration. Appendices I and II include suggested criteria that may be used in considering decisions that may result in retention or acceleration in particular. Please see Appendix I and Appendix II for multiple criteria used when gathering information for consideration for retention and acceleration.

### IV. PROCESS FOR DETERMINATION OF PROMOTION, RETENTION OR ACCELERATION

Decisions about promotion, retention and acceleration are simplified when communication about student performance are made routinely, as a matter of ongoing information, to parents and/or guardians and students.

Communication about student academic progress throughout the school year includes, but is not limited to, reports of student progress, telephone calls, electronic communication about individual student or class information, school conferences, and other parent meetings.

Retention and acceleration specifically, involves a number of steps. These steps include requests for consideration, assessment and data gathering, convening of student study team, parent meeting, and determination of appropriate action.

## V. PROMOTION

Students who have achieved at grade levels deemed acceptable by local and state standards shall be promoted to the next grade level at the completion of each school year.

## VI. RETENTION

The retention of a student may be considered when a school district staff member or parent(s) or guardian(s) feel that retention may be in the best interest of the student. In the consideration of retention, a student study team and the parent(s) or guardian(s) will consider the academic, social, emotional, and interpersonal achievement of the student.

### A. Request for Consideration

A request for grade level retention for a student may be initiated by the parent(s) or guardian(s) or a school district staff member.

### B. Assessment and Data Gathering

Student records of current academic achievement will be assembled.

Available records may include

current and past marks/grades and evaluations in subject areas, standardized test information, curriculum based information (Measures of Academic Progress Tests), and assessment administered outside the district

and made available by parent(s) and guardian(s). In addition to the above data, teachers may provide

information concerning the student's current classroom performance, which may include work samples and

the teacher's perspective on the student's learning. (Appendix I)

### C. Meeting to Review Information (Convening a Student Study Team)

The principal will convene a student study team consisting of the building principal, classroom teacher(s)

and, as appropriate, a school psychologist, school counselor, and other school district staff, who will review

the available assessment and data information and determine whether retention is in the best interests of the

student. Along with the information provided in Appendix I, the student study team will utilize the

following information in determining whether a student will be retained.

1. Current lack of progress on grade level standards in multiple curriculum areas

2. Levels of motivation and persistence

3. Social and emotional maturity
4. Instructional needs that cannot be reasonably met through modification of curriculum or standards within the next year's grade placement
5. Parent(s) or guardian(s) perspectives on learning progress of the student
6. Teachers' perspective on the learning progress of the student

#### D. Parent Meeting to Review Information

Once the assessment and data information has been gathered and the student study team has met, a conference will be scheduled to review and analyze the information. The principal, classroom teacher(s) of the current grade level, the parent(s) and guardian(s) and, as other appropriate other school district staff will be involved in this review.

#### E. Additional Assessment

If deemed necessary by the student study team, students may be referred to the school psychologist for further assessment. Possible assessments may include an intellectual ability or aptitude assessment, an individual achievement test, and measures of social-emotional readiness.

#### F. Meet to Review Most Recent Assessment

Once any additional assessment is complete, the student study team will meet again to review the data and information. A final grade retention decision will be made by the team at this time.

#### G. Determination of Appropriate Action

37

Information and data is reviewed and a recommendation will be made to

1. Retain the student in the present grade/course/subject for the subsequent school year and an educational plan will be developed by the student study team.
2. Not retain the student in the present grade/course/subject for the subsequent school year and an educational plan will be developed by the student study team to meet current grade level learning outcomes and subsequent school year learning outcomes.

#### VII. ACCELERATION

In order to design the most appropriate educational program for students, the school district recognizes that

some students demonstrate a need for whole grade acceleration or single subject acceleration.

#### A. Whole Grade Acceleration

Whole grade acceleration may be considered for students who exhibit superior levels of aptitude and have demonstrated high levels of competency in multiple academic areas. Whole grade acceleration moves the student through an educational program at rates faster than typical of their age-mates. This instructional intervention is a serious decision that will impact the student for the remainder of their educational schooling.

The decision to advance a student should be made by the student study team after careful consideration of all factors influencing the situation. Farmington Area Public Schools are dedicated to the continuous development of students by placing them at the educational setting that best meets their academic, social and emotional needs. Whole grade acceleration involves matching the level of complexity and pace of the curriculum to the needs, readiness, and motivation of the student.

#### B. Single Subject Acceleration

It is likely that a school student study team will undergo a student study team process that explores single subject acceleration and whole grade acceleration simultaneously.

Single subject acceleration may be considered for students who exhibit superior levels of aptitude and have demonstrated high levels of competency in a specific academic area. Most students in gifted services benefit through classroom differentiation in the subject(s) in which they exhibit advanced skills. Single subject acceleration is one form of curriculum intervention that places a student in an instructional program that is most academically appropriate. When a student provides evidence of extremely high potential in one or several areas, acceleration is an appropriate intervention that moves students through an educational program at rates faster than typical of their age-mates. Single subject acceleration is a serious decision that will impact a student for the remainder of their schooling. Farmington Area School District is committed to providing an environment that ensures all our students

excel in and beyond the classroom. This includes providing an education with rigor and high academic standards that encourage the most realized academic, social-emotional, and physical development possible for each student. A highly individualized program may be needed when a student provides evidence of extremely high potential in one or several academic areas. Consideration of single subject acceleration for a student will involve the same steps involved for whole grade acceleration such as, request for consideration, assessment and data gathering, meeting to review information, parent meeting, single grade acceleration decision, and creation of an educational plan. The following procedures may be considered when single subject acceleration is used:

1. If single subject acceleration involves a placement decision for a sequential content area, an educational plan shall be created that accommodates the potential for continued implementation beyond the year it is instituted.
2. Single subject acceleration for middle school students participating at the high school level is intended for students who are implementing an educational plan inclusive of sequential courses that are unavailable at the middle schools, to ensure continuous placement occurs.
3. At the secondary schools, school counselors will communicate in the spring of each preceding year to determine the number of students and the subject areas involved in middle school students participating in high school courses as part of single subject acceleration.

#### C. Request for Consideration

A request for whole grade or single subject acceleration may be initiated by the parent(s) or guardian(s) of a student or a school district staff member. Specifically, a number of steps will be involved in the determination of acceleration. These steps include requests for consideration, assessment and data gathering, convening of a student study team, holding a parent meeting, and determination of appropriate

action. Whole grade or single subject acceleration requests for consideration must be made and decisions completed by May 1 of the year prior to the beginning of the subsequent school year.

#### D. Assessment and Data Gathering

Student records of current academic achievement will be assembled. Available data may include current and past marks/grades and evaluations in subject areas, standardized test information, curriculum based assessment (Measures of Academic Progress Tests), other formative classroom assessments, and assessment administered outside the district and made available by parent(s) or guardian(s). In addition to the above data, teachers may provide information regarding the student's current classroom performance, which may include work samples and the teacher's perspective on the student's learning. (Appendix II)

#### E. Meeting to Review Information (Convening a Student Study Team)

The principal will convene a school student study team consisting of the building principal, classroom teacher(s), Gifted Education Learning Teacher, school psychologist and school counselor, and other educators, such as subject matter coaches. This team will review the available assessment and data information and determine whether the student is a candidate for whole grade or single subject acceleration. Along with the information provided in Appendix II, the team will utilize all data in order to make a recommendation. All acceleration requires high academic ability. A student's cognitive and achievement levels, motivation, social-emotional maturity, and interests are taken into consideration.

#### F. Parent Meeting to Review Information

Once the assessment and data information has been gathered and the student study team has met, a conference will be scheduled to review and analyze the information. The principal, Gifted Education Learning Teacher, classroom teacher(s), other educators, and parent(s) or guardian(s) will convene to review information and data provided. Along with the information provided in Appendix II, the student study team will consider the following criteria as a guideline.

1. Evidence of high degrees of talent and achievement in multiple curriculum areas with special emphasis on reading, writing, and mathematics
2. High degrees of persistence and motivation
3. Social and emotional readiness
4. Instructional needs cannot be reasonably met through modification of curriculum or standards within the current grade placement
5. Parent(s)' perspective on the acceleration

**G. Additional Assessment**

If deemed necessary by the student study team, the student will be referred to the school psychologist for further assessment. Possible assessments may include an intellectual ability or aptitude assessment, an individual achievement test, and measures of social-emotional readiness.

**H. Meet to Review Most Recent Assessment**

Once any additional assessment is complete, the student study team will meet again to review the data and information. The potential grade or single subject for advancement teacher shall be invited to this review.

A final whole grade or single subject acceleration placement recommendation may be made by the student study team at this time. The final acceleration placement decision will be made by the building principal to

39  
fully accelerate the student to the next whole grade, or develop an educational plan which will make necessary modifications in the current grade level's curriculum, or pursue single subject acceleration.

**I. Determination of Appropriate Action**

If whole grade or single subject acceleration is decided for the student, the following procedures should be followed:

1. The receiving and sending teachers and the gifted teacher will be part of the transition planning with the student and parent(s) or guardian(s).
2. In order to ensure competency in the objectives of the grade level "skipped," an educational plan for the student will be developed by the receiving teacher and the student study team. The plan will

identify the grade level standards and/or strategies to ensure the student an opportunity to demonstrate competency will be determined.

3. A timeline for transition will be established by the student study team.

4. The student study team shall meet six weeks to two months into the transition to review the student's progress. It is at this time that the parent(s) or guardian(s) or the student study team may request a return to the original grade or class/subject.

5. Students who are new to the school district, and have attended a non-accredited school (in or out of the United States) or have been home-schooled, will be placed in an age-appropriate grade level for a period of six to eight weeks, in order to provide an opportunity to observe social, academic and emotional readiness. Following this time period, a whole grade or single subject acceleration assessment may be pursued per parent(s) or guardian(s) request.

#### J. Educational Plan

The following are examples of whole grade and single subject acceleration strategies that may be considered as part of the student's educational plan.

1. Curriculum compacting
2. Classroom differentiation that accommodates use of leveled materials
3. Mentorship
4. Independent Study
5. Technology learning opportunities
6. Concurrent enrollment

### **Policy #514 - Bullying Prohibition**

#### **I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects

the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented.

The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

## **II. GENERAL STATEMENT OF POLICY**

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place

constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not

40

limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or website postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. The school district may take into account the following factors:

1. The developmental and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

G. The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

### **III. DEFINITIONS**

For purposes of this policy, the definitions included in this section apply.

A. "Bullying" means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to a student or a group of students and which substantially interferes with another student's or students' educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student or a

group of students that a reasonable person under the circumstances knows or should know has the effect of:

1. harming a student or a group of students;
  2. damaging a student's or a group of students' property;
  3. placing a student or a group of students in reasonable fear of harm to person or property;
  4. creating a hostile educational environment for a student or a group of students; or
- 41
5. intimidating a student or a group of students.

B. "Immediately" means as soon as possible but in no event longer than 24 hours.

C. "On school district property or at school-related functions" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

#### **IV. REPORTING PROCEDURE**

A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district's ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

B. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered

complaints as well.

C. The building principal, the principal's designee, or the building supervisor (hereinafter building report taker) is the person responsible for receiving reports of bullying at the building level. Any person may report bullying directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying in a timely manner may be subject to disciplinary action.

E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

F. Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## **V. SCHOOL DISTRICT ACTION**

A. Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter,

students, or others pending completion of an investigation of bullying, consistent with applicable law.

C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination,  
42

or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; school district policies; and regulations.

D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

## **VI. REPRISAL**

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

## **VII. TRAINING AND EDUCATION**

A. The school district annually will provide information and any applicable training to school district staff regarding this policy.

B. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.

C. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.

D. The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

### **VIII. NOTICE**

The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

### **Pupil Fair Dismissal Act - Revised 2009**

#### **121A.40 Citation**

Sections 121A.40 to 121A.56 may be cited as “The Pupil Fair Dismissal Act.”

#### **121A.41 Definitions**

Subdivision 1. “Applicability” As used in sections 121A.40 to 121A.56, the terms defined in this section shall have the meanings assigned to them.

Subd. 2. “Dismissal” means the denial of the current educational program to any pupil, including exclusion, expulsion, and suspension. It does not include removal from class.

Subd. 3. “District” means any school district.

Subd. 4. “Exclusion” means an action taken by the school board to prevent enrollment or reenrollment of a pupil for a period that shall not extend beyond the school year.

43

from the date the pupil is expelled.

This definition does not apply to dismissal from school for one school day or less, except as provided in federal law for a student with a disability. Each suspension action may include a readmission plan. The readmission plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission and may not be used to extend the current suspension. Consistent with section 125A.091, subdivision 5, the readmission plan must not obligate a parent to provide a sympathomimetic medication for the parent's child as a condition of readmission. The school administration may not impose consecutive suspensions against the same pupil for the same course of conduct, or incident of misconduct, except where the pupil will create an immediate and substantial danger to self or to surrounding persons or property, or where the district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of 15 school days.

Subd. 11. "Alternative educational services" may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessment, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under section 120B.02, although in a different setting.

**121A.42 Policy**

No public school shall deny due process or equal protection of the law to any public school pupil involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion.

**121A.43 Exclusion and Expulsion of Pupils with a Disability**

(a) Consistent with federal law governing days of removal and section 121A.46, school personnel may suspend a child with a disability. When a child with a disability has been suspended for more than five consecutive school days or 10 cumulative school days in the same school year, and that suspension does not involve a recommendation for expulsion or exclusion or other change of placement under federal law, relevant members of the child's individualized education program team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's individualized education program. That meeting must occur as soon as possible, but no more than 10 days after the sixth consecutive day of suspension or the tenth cumulative day of suspension has elapsed.

(b) A dismissal for one school day or less is a day or a partial day of suspension if the child with a disability does not receive regular or special education instruction during that dismissal period. The notice requirements under section 121A.46 do not apply to a dismissal of one day or less.

(c) A child with a disability shall be provided alternative educational services to the extent a suspension exceeds five consecutive school days.

(d) Before initiating an expulsion or exclusion under sections 121A.40 to 121A.56, the district, relevant members of the child's individualized education program team, and the child's parent shall, consistent with federal law, determine whether the

child's behavior was caused by or had a direct and substantial relationship to the child's disability and whether the child's conduct was a direct result of a failure to implement the child's individualized education program. When a child with a disability who has an individualized education program is excluded or expelled under sections 121A.40 to 121A.56 for misbehavior that is not a manifestation of the child's disability, the district shall continue to provide special education and related services during the exclusion or expulsion.

44

**121A.44 Expulsion for possession of firearm**

(a) Notwithstanding the time limitation in section 121A.41, subdivision 5, a school board must expel for a period of at least one year a pupil who is determined to have brought a firearm to school except the board may modify this expulsion requirement for a pupil on a case-by-case basis. For the purposes of this section, firearm is as defined in United States Code, title 18, section 921.

(b) Notwithstanding chapter 13, a student's expulsion or withdrawal or transfer from a school after an expulsion action is initiated against the student for a weapons violation under paragraph (a) may be disclosed by the school district initiating the expulsion proceeding. Unless the information is otherwise public, the disclosure may be made only to another school district in connection with the possible admission of the student to the other district.

**121A.45 Grounds for dismissal**

Subdivision 1. Provision of Alternative Programs. No school shall dismiss any pupil without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the pupil will create an immediate and substantial danger to self or to surrounding persons or property.

Subd. 2. Grounds for Dismissal. A pupil may be dismissed on any of the following grounds:

- (a) willful violation of any reasonable school board regulation. Such regulation must be clear and definite to provide notice to pupils that they must conform their conduct to its requirements;
- (b) willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
- (c) willful conduct that endangers the pupil or other pupils, or surrounding persons, including school district employees, or

property of the school.

Subd. 3. Parent Notification and Meeting. If a pupil's total days of removal from school exceeds ten cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the pupil and the pupil's parent or guardian before subsequently removing the pupil from school and, with the permission of the parent or guardian, arrange for a mental health screening for the pupil. The district is not required to pay for the mental health screening. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the pupil assessed or diagnosed to determine whether the pupil needs treatment for a mental health disorder.

#### **121A.46 Suspension procedures**

Subdivision 1. Informal Administrative Conference Before Suspension. The school administration shall not suspend a pupil from school without an informal administrative conference with the pupil. The informal administrative conference shall take place before the suspension, except where it appears that the pupil will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension.

Subd. 2. Administrator Notifies Pupil of Grounds for Suspension. At the informal administrative conference, a school administrator shall notify the pupil of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the pupil may present the pupil's version of the facts.

Subd. 3. Written Notice of Grounds for Suspension. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of sections 121A.40 to 121A.56, shall be personally served upon the pupil at or before the time the suspension is to take effect, and upon the pupil's parent or guardian by mail within 48 hours of the conference. The district shall make reasonable efforts to notify the parents of the suspension by telephone as soon as possible following suspension. In the event a pupil is suspended without an informal administrative conference on the grounds that the pupil will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the pupil and the pupil's parent or guardian within 48 hours of suspension. Service by

mail is complete upon mailing.

Subd. 4. Suspension Pending Expulsion or Exclusion Hearing. Notwithstanding the provisions of subdivisions 1 and 3, the pupil may be suspended pending the school board's decision in the expulsion or exclusion hearing; provided that alternative educational services are implemented to the extent that suspension exceeds five days.

**121A.47 Exclusion and expulsion procedures**

Subdivision 1. Requiring a Hearing; Pupil May Waive Hearing.

No exclusion or expulsion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the pupil and parent or guardian. The action shall be initiated by the school board or its agent.

Subd. 2. Written notice. Written notice of intent to take action shall:

- (a) be served upon the pupil and the pupil's parent or guardian personally or by mail;
- (b) contain a complete statement of the facts, a list of the witnesses and a description of their testimony;
- (c) state the date, time and place of the hearing;
- (d) be accompanied by a copy of sections 121A.40 to 121A.56;
- (e) describe alternative educational services accorded the pupil in an attempt to avoid the expulsion proceedings; and
- (f) inform the pupil and parent or guardian of the right to:

45

- (1) have a representative of the pupil's own choosing, including legal counsel, at the hearing. The district shall advise the pupil's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the department of Education;
- (2) examine the pupil's records before the hearing;
- (3) present evidence; and
- (4) confront and cross-examine witnesses.

Subd. 3. Hearing Schedule. The hearing shall be scheduled within ten days of the service of the written notice unless an extension, not to exceed five days, is requested for good cause by the school board, pupil, parent or guardian.

Subd. 4. Convenient Time and Place of Hearing. The hearing shall be at a time and place reasonably convenient to pupil, parent or guardian.

Subd. 5. Closed or Open Hearing. The hearing shall be closed unless the pupil, parent or guardian requests an open hearing.

Subd. 6. Impartial Hearer. The hearing shall take place before:

- (1) an independent hearing officer;
- (2) a member of the school board;
- (3) a committee of the school board, or
- (4) the full school board; as determined by the school board. The hearing shall be conducted in a fair and impartial manner.

Subd. 7. Creating Hearing Record. The school board shall record the hearing proceedings at district's expense, and a party may obtain a transcript at its own expense. Testimony shall be given under oath. The hearing officer or a member of the school board shall have the power to issue subpoenas and administer oaths.

Subd. 8. Access to Pupil's Records. At a reasonable time prior to the hearing, the pupil, parent or guardian, or representative, shall be given access to all public school system records pertaining to the pupil, including any tests or reports upon which the proposed action may be based.

Subd. 9. Pupil's Right to Compel Testimony. The pupil, parent or guardian, or representative, shall have the right to compel the attendance of any official employee or agent of the public school system or any public employee or any other person who may have evidence upon which the proposed action may be based, and to confront and to cross-examine any witness testifying for the public school system.

Subd. 10. Pupil's Right to Present Evidence and Testimony. The pupil, parent or guardian, or representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

Subd. 11. Pupil Not Compelled to Testify. The pupil cannot be compelled to testify in the dismissal proceedings.

Subd. 12. Hearer's Recommendation Limited to Evidence at Hearing; Service Within Two Days. The recommendation of the hearing officer or school board member or committee shall be based solely upon substantial evidence presented at the hearing and must be made to the school board and served upon the parties within two days of the end of the hearing.

Subd. 13. Basis of School Board Decision; Opportunity for Comment. The school board shall base its decision upon the recommendation of the hearing officer or school board member or committee and shall render its decision at a meeting held within five days after receiving the recommendation. The school board may provide the parties with the opportunity to

present exceptions and comments to the hearing officer's recommendations provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the commissioner of education of the basis and reason for the decision.

Subd. 14. Admission or readmission plan.

(a) A school administrator shall prepare and enforce an admission or readmission plan for any pupil who is excluded or expelled from school. The plan may include measures to improve the pupil's behavior, including completing a character education program, consistent with section 120B.225, subdivision 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the pupil of not improving the pupil's behavior.

(b) The definition of suspension under section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. A readmission plan must provide, where appropriate, alternative education services, which must not be used to extend the student's current suspension period. Consistent with section 125A.091, subdivision 5, a readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School officials must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect or medical or educational neglect.

Effective Date. This section is effective the day following final enactment.

#### **121A.48 Good faith exception**

A violation of the technical provisions of the pupil fair dismissal act, made in good faith, is not a defense to a disciplinary procedure under the act unless the pupil can demonstrate actual prejudice as a result of the violation.

46

#### **121A.49 Appeal**

A party to an exclusion or expulsion decision made under sections 121A.40 to 121A.56 may appeal the decision to the commissioner of education within 21 calendar days of the school board action. Upon being served with a notice of appeal, the district shall provide the commissioner and the parent or guardian with a complete copy of the hearing record within five days of its receipt of the notice of appeal. All written submissions by the appellant must be submitted and served on the respondent within ten days of its actual receipt of the transcript. All written submissions by the respondent must be submitted and served on the appellant within ten days of its actual receipt of the written submissions of the appellant. The decision of the school board must be implemented during the appeal to the commissioner.

In an appeal under this section, the commissioner may affirm the decision of the agency, may remand the decision for additional findings, or may reverse or modify the decision if the substantial rights of the petitioners have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

- (1) in violation of constitutional provisions;
- (2) in excess of the statutory authority or jurisdiction of the school district;
- (3) made upon unlawful procedure, except as provided in section 121A.48;
- (4) affected by other error of law;
- (5) unsupported by substantial evidence in view of the entire record submitted; or
- (6) arbitrary or capricious.

The commissioner or the commissioner's representative shall make a final decision based upon the record. The commissioner shall issue a decision within 30 calendar days of receiving the entire record and the parties' written submission on appeal.

The commissioner's decision shall be final and binding upon the parties after the time for appeal expires under section 121A.50.

#### **121A.50 Judicial review**

The decision of the commissioner of education made under sections 121A.40 to 121A.56 is subject to judicial review under sections 14.63 to 14.69. The decision of the commissioner is stayed pending an appeal under this section.

#### **121A.51 Reports to Service Agency**

The school board shall report any action taken pursuant to sections 121.40 to 121A.56 to the appropriate public service agency, when the pupil is under the supervision of such agency.

**121A.52 Nonapplication of Compulsory Attendance Law**

The provisions of section 120A.22, subdivision 5, shall not apply to any pupil during a dismissal pursuant to sections 121A.40 to 121A.56

**121A.53 Report to Commissioner of Education**

Subdivision 1. Exclusions and Expulsions. The school board must report through the department electronic reporting system each exclusion or expulsion within 30 days of the effective date of the action to the commissioner of education. This report must include a statement of alternative educational services given the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status.

Subd. 2. Report. The school board must include state student identification numbers of affected pupils on all dismissal reports required by the department. The department must report annually to the commissioner summary data on the number of dismissals by age, grade, gender, race, and special education status of the affected pupils. All dismissal reports must be submitted through the department electronic reporting system.

**121A.54 Notice of Right to be Reinstated**

Whenever a pupil fails to return to school within ten school days of the termination of dismissal, a school administrator shall inform the pupil and the pupil's parents by mail of the pupil's right to attend and to be reinstated in the public school.

**121A.55 Policies to be Established**

(a) The commissioner of education shall promulgate guidelines to assist each school board. Each school board shall establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of sections 121A.40 to 121A.56. The policies shall emphasize preventing dismissals through early detection of problems and shall be designed to address students' inappropriate behavior from recurring. The policies shall recognize the continuing responsibility of the school for the education of the pupil during the dismissal period. The alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress towards meeting the graduation standards adopted

under section 120B.02, and help prepare the pupil for readmission.  
47

(b) An area learning center under section 123A.05 may not prohibit an expelled or excluded pupil from enrolling solely because a district expelled or excluded the pupil. The board of the area learning center may use the provisions of the Pupil Fair Dismissal Act to exclude a pupil or to require an admission plan.

(c) Each school district shall develop a policy, and report it to the commissioner, on the appropriate use of peace officers and crisis teams to remove students who have an individualized education plan from school grounds.

### **121A.56 Application**

Subdivision 1. Prohibition Against Discrimination Remains in Effect. Sections 121.40 to 121A.56 shall not be deemed to amend or otherwise affect or change section 363.03, subdivision 5, clause (2).

Subd. 2. Portions of School Program for Credit.

Sections 121A.40 to 121A.56 shall apply only to those portions of the school program for which credit is granted.

The term does not include specific daily records of a student’s attendance at a school or schools in the school district.

**D. Directory Information**

“Directory information” means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to:

(3) disclosed only to individuals providing the treatment; provided that the records

can be personally reviewed by a physician or other appropriate professional of

the student's choice. For the purpose of this definition, "treatment" does not

include remedial educational activities or activities that are a part of the program

of instruction within the school district.

e. Records that only contain information about an individual after he or she is no longer a

### **IV. GENERAL CLASSIFICATION**

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

The student then becomes an “eligible student.” However, the parents of an eligible student who is also a “dependent student” are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 C.F.R. § 99.31(a).

all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

#### 6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of postsecondary education, the rights accorded to and the consent required of the parent of the student

shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

#### B. Prior Consent for Disclosure Not Required

53

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
  - a. performs an institutional service or function for which the school district would otherwise use employees;
  - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
  - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made.
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information

about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7165 of the federal No Child Left Behind Act and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minn. Stat. § 260B.171, unless the data are required to be destroyed under Minn. Stat. § 120A.22, Subd. 7(c) or § 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records which have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;

4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;

5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:

- a. determine eligibility for the aid;
- b. determine the amount of the aid;
- c. determine conditions for the aid; or
- d. enforce the terms and conditions of the aid.

"Financial aid" for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:

54

- a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile

justice system and such system's ability to effectively serve the student whose records are released; or

b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student's full name, home address, telephone number, and date of birth; a student's school schedule, attendance record, and photographs, if any; and parents' names, home addresses, and telephone numbers.

7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c)

requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 U.S.C. § 2332b(g)(5)(B) or an

act of domestic or international terrorism as defined in 18 U.S.C. § 2331. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;

55

11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school

officials in other schools who have legitimate educational interests in the behavior of the student;

12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;

13. Information the school district has designated as “directory information” pursuant to Section VII.  
of this policy;

14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI.  
of this policy;

15. To the parent of a student who is not an eligible student or to the student himself or herself;

16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;

17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;

18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent  
of the student:

a. the following information about a student must be disclosed: a student’s full name, home address, telephone number, date of birth; a student’s school schedule, daily attendance record, and photographs, if any; and any parents’ names, home addresses, and telephone numbers;

b. the existence of the following information about a student, not the actual data or other information contained in the student’s education record, may be disclosed provided that a

request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information. The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minn. Stat. § 260B.171, Subd. 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or

reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individual need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order.

Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minn. Stat. § 260B.171, Subd. 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct

contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action; or 21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on

the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements.

#### C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

### **VII. RELEASE OF DIRECTORY INFORMATION**

#### A. Classification

Directory information is public except as provided herein.

#### B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an

individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

**C. Present Students and Parents**

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:

a. the types of personally identifiable information regarding students and/or parents that the

school district has designated as directory information;

b. the parent's or eligible student's right to refuse to let the school district designate any or

all of those types of information about the student and/or the parent as directory

information; and

c. the period of time in which a parent or eligible student has to notify the school district in

writing that he or she does not want any or all of those types of information about the

student and/or the parent designated as directory information.

58

2. Allow a reasonable period of time after such notice has been given for a parent or eligible student

to inform the school district in writing that any or all of the information so designated should not

be disclosed without the parent's or eligible student's prior written consent, except as provided in

Section VI. of this policy.

3. A parent or eligible student may not opt out of the directory information disclosures to:

a. prevent the school district from disclosing or requiring the student to disclose the

student's name, ID, or school district e-mail address in a class in which the student is

enrolled; or

b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.

4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

## **VIII. DISCLOSURE OF PRIVATE RECORDS**

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents

except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

**B. Private Records Not Accessible to Parent**  
59

In certain cases state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:

- a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
- b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
- c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
- d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
- e. whether the data concerns medical, dental or other health services provided pursuant to

Minn. Stat. §§ 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

**IX. DISCLOSURE OF CONFIDENTIAL RECORDS**

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minn. Stat. § 626.556, reports pertaining to a neglected and/or physically and/or sexually

abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect

to other parties, such data shall be confidential and will not be made available to the parent or the subject

individual by the school district. The subject individual, however, may obtain a copy of the report from

either the local welfare agency, county sheriff, or the local police department subject to the provisions of

Minn. Stat. § 626.556, Subd. 11.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the

commencement or defense of pending civil legal action, or which are retained in anticipation of a pending

civil legal action are classified as protected nonpublic data in the case of data not on individuals, and

confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant

to this subdivision accessible to any person, agency, or the public if the school district determines

60

that such access will aid the law enforcement process, promote public health or safety, or dispel

widespread rumor or unrest.

2. A complainant has access to a statement he or she provided to the school district.

3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minn. Stat. § 13.393.

4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:

a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;

b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or

c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.

5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

#### D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the

circumstances expressly authorized by law.

#### **X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING**

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. § 121A.40, *et seq.*

#### **XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS**

A. The school district will release the names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military; and

61

2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

C. A parent or eligible student has the right to refuse the release of the name, address, or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the building principal in writing by September 15 of each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
2. Home address;
3. Student's grade level;

4. School presently attended by student;  
5. Parent's legal relationship to student, if applicable;  
6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and  
7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.

D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.

E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

## **XII. LIMITS ON REDISCLOSURE**

### **A. Redisdisclosure**

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the

purposes for which the disclosure was made.

**B. Redisclosure Not Prohibited**

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:

a. The disclosures meet the requirements of Section VI. of this policy; and

62

b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.

2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 U.S.C. § 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

**C. Classification of Disclosed Data**

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

**D. Notification**

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 C.F.R. § 99.31(a)(3),

or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in § 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

**XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING**

**A. Responsible Authority**

The responsible authority shall be responsible for the maintenance and security of student records.

**B. Record Security**

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

**C. Plan for Securing Student Records**

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

**D. Review of Written Plan for Securing Student Records**

63

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

**E. Record Keeping**

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record with the education records of the student which indicates:
  - a. the parties who have requested or received personally identifiable information from the education records of the student;
  - b. the legitimate interests these parties had in requesting or obtaining the information; and
  - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
  - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
  - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
  - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 C.F.R. § 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible

student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18. U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism.

4. The record of requests of disclosures may be inspected by:

- a. the parent of the student or the eligible student;
- b. the school official or his or her assistants who are responsible for the custody of the records; and
- c. the parties authorized by law to audit the record-keeping procedures of the school district.

64

- b. the parties to whom the school district disclosed the information.

6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

#### **XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS**

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

#### B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

#### C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

#### D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

#### E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected

F. Records Containing Information on More Than One Student

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
  - a. the cost of materials, including paper, used to provide the copies;
  - b. the cost of the labor required to prepare the copies;

copied.

3. The cost of providing copies shall be borne by the parent or eligible student.

4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.

2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.

3. Any statement placed in the education records of the student under Subdivision B. of this section shall:

a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
